

## About UC Chair

UC Chair has been a specialist in Solid Wood furniture in Canada since 1984. Based in Markham, we began as a manufacturer and supplier of solid oak furniture exclusively to the retail trade across Canada. As our reputation and tradition of building high quality furniture became known to many, the demand for our services grew. At the numerous requests of our clients, our collections were made available to the public. Essentially, our client base has been built up by a word of mouth, through countless customers who found 'just what they wanted' at UC Chair.

UC Chair is defined by quality, selections, and affordability. At our Factory Showroom, you will find an assortment of high quality furniture made with solid oak, maple, birch, pine, ash, and cherry at amazingly affordable prices. Our own line of solid wood dining, bedroom, entertainment units, home office and accent furniture are all crafted with exception detail and care, and not mass-produced. Each piece receives the utmost attention and custom staining. We manufacture a large collection of furniture ranging from colonial to modern styles.

At UC Chair, you have the opportunity to create your own personal line of furniture by choosing from a large selection of table and chair designs, and accent pieces. We offer you choices for style, colour, surface, size, and even detailing. No matter how you mix and match, we will stain the pieces to match your decor, and create a suite that personally reflects your lifestyle and your tastes. Other furniture pieces such as entertainment units, accent tables, and buffet and hutches can also be customized to suit your needs. And if you ever wished for something built-to-suit, by all means, bring us your ideas and we'll help you build your dream furniture piece. For those who are looking for something extraordinary to define your own style, come visit UC Chair, you'll be pleasantly surprised!
